

The Get An Online Business Workshop

Day 2 Resources

1. 1. The LearningIM.com Facebook group - <https://www.facebook.com/groups/LearningIMMastermind>
2. I get all of my domain names from GoDaddy.com. Use whatever you want, but make sure you're just using ONE registrar for them all.
3. Liquid Web Hosting – <http://www.LizTomey.com/LiquidWeb>
4. Themes I like: I've listed the main themes I use near the bottom of the page under the title: **5. My Favorite Themes** –
<http://liztomey.com/blog/online-business-resources-topic/blogging-resources>
5. Plugins I use: I've listed the main plugins I use about half way down the page under the title: **4. Plugins I Use On My Blogs** –
<http://liztomey.com/blog/online-business-resources-topic/blogging-resources>
6. Blog Setup Steps: This isn't hard. Don't make it harder than it is. Here are the steps broken down for you.

Step 1: Get a domain name

Step 2: Get hosting

Step 3: Install a blog in a folder called blog on your domain name using cPanel

Step 4: Pick a theme

Step 5: Install your plugins

Step 6: Create your initial pages

7. Optimize Press – <http://www.LizTomey.com/OptimizePress>

8. Fiverr – Great for graphic outsourcing <https://www.fiverr.com>
